

CAMPAIGN SIGNS AND STATE HIGHWAY RIGHT-OF-WAY

The Arizona Department of Transportation (ADOT) is seeking cooperation regarding placement of campaign signs by candidates or those supporting their campaigns.

Placement of campaign signs in the right-of-way along state highways is not allowed.

RIGHT-OF-WAY DEFINED

The right-of-way is the roadway itself, plus the property of either side of the highway, including interchange ramps and bridges that are owned and maintained by the State. (See photos, right)
