

TOWN OF WICKENBURG

Community Center Open House

Todd Wallace, Manager, Parks & Facilities
November 5, 2025

Overview

- The Community Center was built in 1970 (55 years old)
- 10,000 square feet under roof and situated on 4 acres
- The building is in need of significant repairs
 - Equipment upgrades, HVAC, electrical and plumbing
 - Structural deficiencies, trusses and roof
 - Renovations required to meet modern ADA and safety building codes
 - ADA access
 - ADA Restrooms
 - Fire sprinkler system and addressable fire alarm

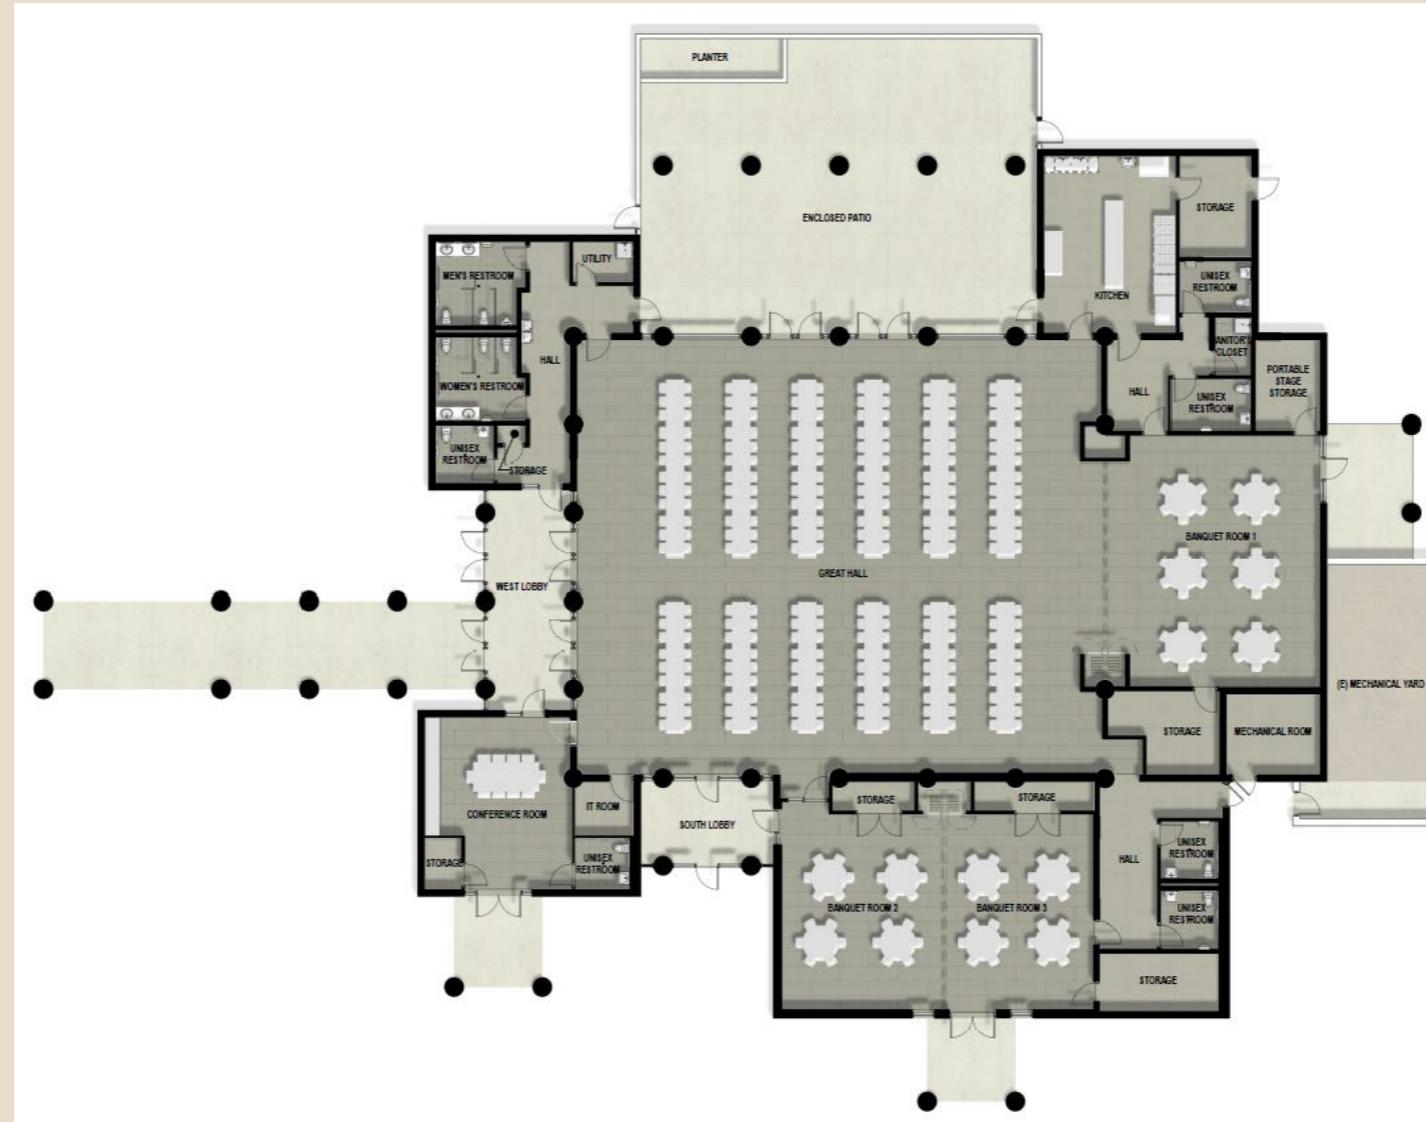

The Future of the Community Center

- We have explored a number of options for the Community Center
 - Tear it down and build new
 - Moving the Community Center to a new location
 - Incorporating a hotel into the Community Center
 - Renovating the existing building
- In 2024 Town residents were surveyed about the future of the Community Center.
 - 60% said they would prefer to renovate the existing building
 - 97% liked the Community Center's current location
 - Top requested 'spaces' for the Community Center were:
 - Large event area
 - Outdoor area for weddings and concerts
 - Usable stage
 - Small multipurpose meeting spaces

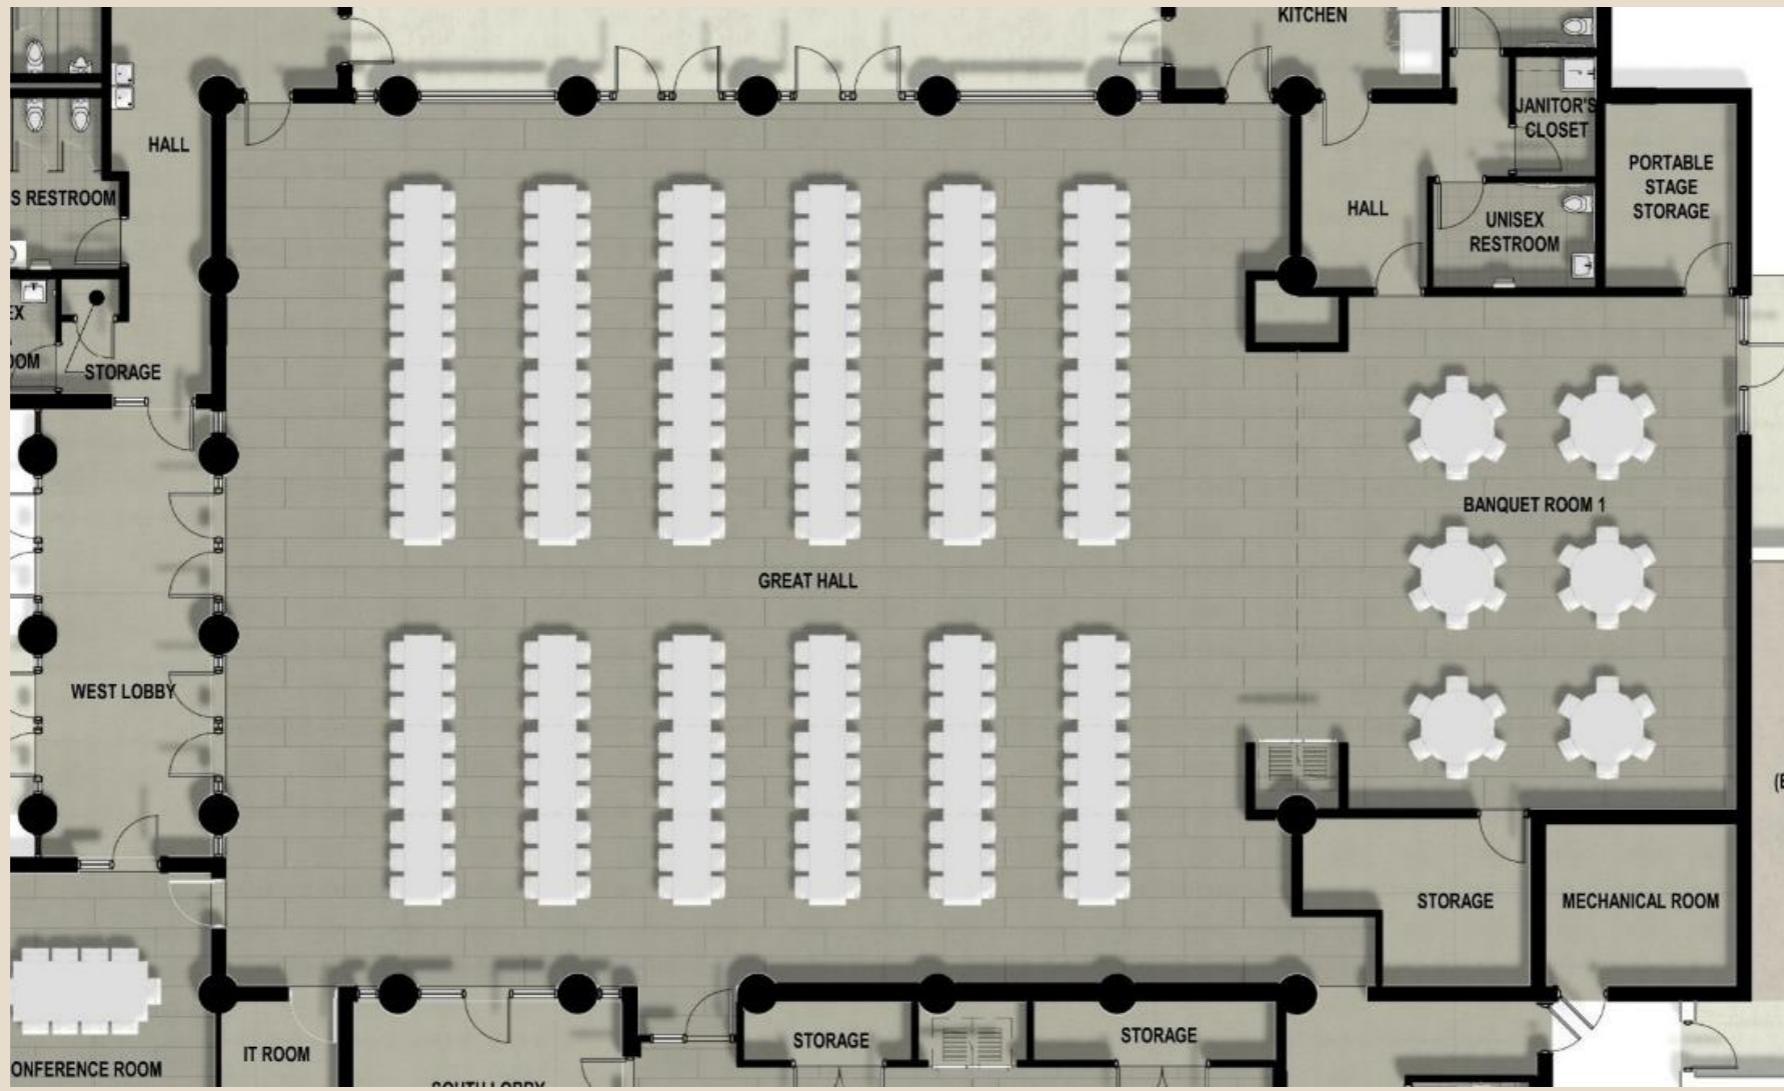

We heard you - Remodel Existing Facility

- Correct structural deficiencies
 - Roof and trusses
- Replace aging equipment
 - HVAC, electrical, and plumbing systems
- Remodeling will require compliance with current building and safety codes
 - ADA-compliant access and restrooms
 - New fire alarm and fire sprinkler systems
- Maximize usable interior spaces
- Exterior cosmetic and structural repairs
