December 12, 2022

Honorable Mayor, Members of the Town Council, and Citizens of the Town of Wickenburg:

I am pleased to submit the Comprehensive Annual Financial Report (CAFR) of the Town of Wickenburg (Town) for fiscal year ended June 30, 2022. State law requires that every local government publish within six months of the close of each fiscal year, all audited financial statements. Financial statements are to be presented in conformity with the United States Generally Accepted Accounting Principles (GAAP), audited in accordance with Generally Accepted Auditing Standards (GAAS), by a licensed certified public accountant(s). Pursuant to that requirement, we believe to the best of our knowledge that the data presented herein is accurate in all material respects and is designed to enable the reader to gain the maximum understanding of the Town's financial affairs.

Responsibility for the accuracy and completeness of the presented data, including all disclosures, rests with management. To the best of our knowledge and belief, this report is accurate in all material respects and is presented in a manner designed to fairly set forth the financial position of the Town. All disclosures necessary to enable the reader to gain an understanding of the Town's financial activities have been included. To provide a reasonable basis for making these representations, management has established a comprehensive framework of internal controls intended to protect the Town's assets from loss, theft, or misuse. Because the cost of internal controls should not outweigh their benefits, the Town's comprehensive internal control framework has been designed to provide a reasonable rather than absolute assurance that the financial statements are free of any material misstatements.

CliftonLarsonAllen LLP, an independent certified public accounting firm, performed the Town's annual financial statement audit and has issued an unqualified opinion on the Town of Wickenburg's financial statements for the year ended June 30, 2022. Their independent auditor's report is located at the front of the financial section of this report.

GAAP requires that management provide a narrative introduction, overview and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). The MD&A which immediately follows the Independent Auditors Report, is intended to complement this transmittal letter and should be read in conjunction with it.

Profile of the Government

Henry Wickenburg along with other settlers founded Wickenburg in 1863. The infant town went through many trials and tribulations during its first few decades surviving Indian wars, mine closures, desperadoes, drought, and a disastrous flood in 1890 when the Walnut Creek Dam

burst, but through it all the town continued to grow. On June 19, 1909, the Town of Wickenburg was incorporated.

Located in the Southwest section of the State, in Northwest Maricopa County, the town sits at an elevation of 2,049 feet. With approximately 26.5 square miles of land today compared to only 13 square miles back in 2003, the Town continues to expand as annexation plans continue. The Town is empowered to levy a property tax on real property located within its boundaries and continues to keep that levy substantially below the maximum allowed. The 2019 census population estimate is 8,092 which is almost a 24% increase from the 2010 estimate 6,529.

The Town of Wickenburg operates under the Council-Manager form of government, with policymaking and legislative authority vested in the Town Council. The elected officers of the Town consist of a Mayor and six (6) Councilmembers. The qualified electors of the Town commencing in 1996 have directly elected the Mayor. The term of office of the Mayor and Councilmembers is four (4) years, with Councilmembers serving overlapping terms in the manner provided by State law. Within twenty (20) days after an election where one or more Councilmembers is elected, the Vice Mayor shall be selected by a majority of the Council, from among its own members, for a term to run concurrent with that of the Mayor's term. If the Vice Mayor's term expires sooner, he/she shall serve until his/her successor is appointed and qualified. In the absence or disability of both the Mayor and Vice Mayor, the Council may designate another of its members to serve as acting Mayor who shall have all the powers, duties and responsibilities of the Mayor during such absence or disability.

The Town Council is responsible for the hiring of the Town Manager, who is responsible for overseeing all local government related activities and implementation of the policies of the Town Council. With the exception of the Town Attorney and Magistrate, the Town Manager appoints all Department Heads subject to ratification by the Town Council. Together the Council, Management and Staff provide a full range of services including: water, electric, sanitation and wastewater; police and fire protection; a public library, community center, pool, and several parks; inspections, licenses and permits; construction and maintenance of streets and related infrastructure; programming of various recreational activities; and enforcement of both the Town and Local Tax Code.

Local Economy

The last sales tax change was on April 1, 2016 at which time the construction tax rate increased from 2.2% to 3.5%. The "General" Sales Tax rate remains at 2.2% since June 1, 2009, with Rental and Leasing of Real Property dropping from 2.2% to 1.7% on October 1, 2009. The Town increased the Transient Lodging "Bed Tax" rate from 2% to 3% on August 1, 2015. The tiered rate for single item purchases of \$5,000 or more remains at 1.69% since September 1, 2012.

The economy in Wickenburg continues to do very well with an overall increase of about 16.9% in local sales tax over the prior year. Compared to the prior fiscal year all major categories including construction, retail trade, restaurants & bars, and transient lodging increased. The category which accounts for approximately 44% of our local tax and increased 18.4% over the prior year is the Retail category. In addition to growth in the community (more roof tops), this is primarily attributed to the changes made by the Arizona Department of Revenue to online shopping.

Another indication of a stable economy in the community is the number of building permits issued. Though down slightly from 390 permits in 2021 there were still 333 issued in fiscal year ending June 30, 2022.

Long-Term Financial Planning & Major Initiatives

Wickenburg like other governmental jurisdictions in Arizona, is subject to an annual expenditure limit, which is adjusted each year by population and inflationary growth factors from the base year of 1979-80. That expenditure base can be adjusted by voters to enable the Town to spend increased revenues received by various sources during the year. In March 2006, voters approved a \$4,794,034 permanent increase to the base, which became effective in fiscal year 2006-07. The increase in the base is expected to continue accommodating the Town's budgeted expenditures for at least another five years, but most likely longer. Permanent adjustments to expenditure limits do not increase taxes.

In an effort to maintain strong long-term financial plans, annually the Town Council has a Retreat with the Town Manager to create a Strategic Plan for the future of the Town. For the upcoming year the Councils Strategic Plan continues to focus on five areas: Economic Development, the Downtown Area, Public Safety, Youth & Families, and Natural Resources & Recreation. Together it is our hope that these initiatives will encourage forward thinking in how the Town plans and funds the upkeep and growth of the community.

Next Department Heads are required to submit their budgets for the following fiscal year through "zero-based" budgeting for the majority of their line items, which requires them to extensively analyze and plan projected expenditures for the year in more depth. In order to tie the Councils Strategic Plan with the budget, staff also must submit a Five-Year Capital Improvement Plan.

While an economic downturn is inevitable at some point, we do not assume one in our latest forecast and project that our healthy fund balances will overcome moderate recessionary trends. Thanks to the Towns long-term financial planning, Capital Improvements for the new fiscal year are planned to be \$14,500,124.

Relevant Financial Policies

The Town of Wickenburg takes pride in having a comprehensive set of financial policies to assure financial stability and transparency of the Towns finances, by setting guidelines for fund balance, which is an important measure of the economic stability of the Town. It is essential that the Town of Wickenburg maintain adequate levels of unassigned fund balance to mitigate financial risk that can occur from unforeseen revenue fluctuations, unanticipated expenditures, and similar circumstances. The fund balance also provides cash flow liquidity for general operations. Additionally the Town has a policy that nonrecurring (e.g., one-time) resources of inflows not be used for operating purposes.

The annual budget serves as the foundation for the Town of Wickenburg's financial planning and control. The Town of Wickenburg's financial planning and control begins with its annual budget, which serves three purposes: for the Town Council it serves as a policy tool and as an expression of goals and objectives; Management uses the budget as an operating guide and a control mechanism; and for the citizens of Wickenburg it presents a picture of the local government operations and intentions of the year.

Annually each department director is required to submit requests for appropriation to the Finance Director. The Finance Director then compiles and presents the total budget request, which is prepared by fund and department to the Town Manager. The Town Manager then uses these requests as the starting point for developing a draft budget to be presented to the Council for review. Once the Council has reviewed and adjusted the draft budget, it becomes the tentative

budget. The Council is then required to hold public hearings on the tentative budget and to adopt the budget no later than the third Monday in July of each year.

In order to ensure compliance with legal provisions applicable to the annual appropriated budget the Town of Wickenburg maintains several budgetary controls. Department Directors are responsible for ensuring expenditures do not exceed their approved budget and mid-year budget adjustments are kept to a minimum. Additionally, all transfers from capital line items or between Funds must be approved by Council. The Council may appropriate contingency funds to cover emergencies or other unexpected necessary expenditures.

Awards & Acknowledgements

The Government Finance Officers Association (GFOA) of the United States and Canada awarded a Certificate of Achievement for Excellence in Financial Reporting to the Town of Wickenburg for its CAFR for fiscal year ended June 30, 2020 making this the 11th consecutive year the Town has achieved this prestigious award. Because of budget cuts, the Town discontinued participating in this program effective fiscal year ending June 30, 2006 at which time 11 consecutive awards had been achieved, this latest award brings the total awards to date to 21. In order to be awarded this certificate of achievement, the Town must publish an easily readable and efficiently organized CAFR that satisfies both GAAP and applicable program requirements. This Certificate of Achievement is valid for a period of one year only. Achieving this certificate shows our commitment to encouraging transparency in government for the Town. We believe our current CAFR continues to conform to the programs requirements, and we are therefore submitting it to the GFOA to determine its eligibility for another certificate.

The Town has also resumed submitting its annual budget for the GFOA's Distinguished Budget Presentation Award and is happy to report the award was received for fiscal year beginning July 1, 2021. To qualify for the Distinguished Budget Presentation Award the government's budget document had to be judged proficient as a policy document, a financial plan, an operations guide, and a communication device.

The preparation of this report would not have been possible without the efficient and dedicated service of the entire staff of the Finance Department; and I wish to thank each member for their assistance in providing the data necessary to prepare this report. Credit is also given to the Mayor, Town Council, and Town Manager for their continued support in maintaining the highest standards of professionalism in the management of the Town's finances.

Respectfully submitted,

INDEPENDENT AUDITORS' REPORT

Honorable Mayor and the Town Council
Town of Wickenburg, Arizona
Wickenburg, Arizona

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Wickenburg, Arizona (Town), as of and for the year ended June 30, 2022, and the related notes to the basic financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town, as of June 30, 2022, and the respective changes in financial position, and, where applicable, its cash flows and budgetary comparison schedule of the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of Town and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of Matter – Change in Accounting Principle

As discussed in Note 1 to the financial statements, effective July 1, 2021, the Town adopted new accounting guidance for leases. The guidance requires lessors to recognize a lease receivable and corresponding deferred inflow of resources for all leases with lease terms greater than 12 months. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Honorable Mayor and the Town Council
Town of Wickenburg, Arizona

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Town's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that management's discussion and analysis and the pension schedules be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Honorable Mayor and the Town Council
Town of Wickenburg, Arizona

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town's basic financial statements. The combining and individual nonmajor fund financial statements and schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the combining and individual nonmajor fund financial statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory section and the statistical section but does not include the basic financial statements and our auditors' report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 12, 2022, on our consideration of the Town of Wickenburg, Arizona's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Town's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Town's internal control over financial reporting and compliance.

Town of Wickenburg

**TOWN OF WICKENBURG, ARIZONA
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED JUNE 30, 2022**

As the management of the Town of Wickenburg, Arizona (Town), we offer readers of the Town's basic financial statements this narrative overview and analysis of the financial activities of the Town for the fiscal year ended June 30, 2022. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which begins on page 1 of this report.

FINANCIAL HIGHLIGHTS

- ◆ The assets and deferred outflows of resources of the Town of Wickenburg, Arizona exceeded its liabilities and deferred inflows of resources at the close of the most recent fiscal year by \$126.6 million (Net Position). Of this amount \$32.7 million (unrestricted net position) may be used to meet the government's ongoing obligations to citizens and creditors.
- ◆ As of the close of the current fiscal year, the Town's governmental funds reported combined ending fund balances of \$26.4 million, an increase of \$7.7 million in comparison with the prior year.
- ◆ At the end of the current fiscal year, unassigned fund balance for the General Fund was \$21.8 million or 196.8% of total General Fund expenditures.
- ◆ Budgeted General Fund revenues were less than actual revenues (on a budgetary basis) by \$1.7 million for fiscal year 2022. Additionally, budgeted expenditures were more than the budgetary basis actual expenditures in the General Fund by \$15.6 million.
- ◆ General Fund revenues were greater than expenditures by \$7.5 million, before transfers; a positive variance of \$17.3 million from the final budget.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the Town's basic financial statements. The Town's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, including the budgetary statement for the General Fund, and 3) notes to the basic financial statements.

Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the Town's finances, in a manner similar to private-sector business. The statement of net position presents information on all of the Town's assets, deferred outflows of resources, liabilities, and deferred inflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as useful indicators of whether the financial position of the Town is improving or deteriorating.

The statement of activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the Town that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the Town include general government, public safety, highways and streets, and parks, recreation and zoning. The business-type activities include water, electric, sanitation, wastewater, and airport. The government-wide financial statements can be found on pages 19 - 20 of this report.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Town, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the Town can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

Governmental Funds – Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements. Since the governmental fund financial statements focus on near-term spendable resources, while the governmental activities on the government-wide financial statements have a longer term focus, a reconciliation of the differences between the two is provided with the fund financial statements.

The Town maintains six individual governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for the General Fund and Capital Improvements Fund which are considered to be major funds. Data from the other four governmental funds are combined into a single, aggregate presentation. Individual fund data for each of the non-major governmental funds is provided in the form of combining statements elsewhere in this report.

The basic governmental fund financial statements can be found on pages 21 - 24 of this report.

Proprietary Funds – The Town maintains two different types of proprietary funds known as Enterprise and Internal Service Funds.

Enterprise Funds are used to report the same functions presented as *business-type activities* in the government-wide financial statements only in more detail. The Town uses Enterprise Funds to account for its water, electric, sanitation, wastewater, and airport operations, all of which are considered to be major funds.

Internal Service Funds are an accounting device used to accumulate and allocate costs internally among the Town's various functions. The Town uses Internal Service Funds to account for its maintenance shop and fuel facility funds. Though combined into a single aggregate presentation in the financial statements, individual fund data can be found elsewhere in this report. The Internal Service Funds have been included within *governmental activities* and *business-type activities* in the government-wide financial statements based on the operations they benefit.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the water, electric, sanitation, wastewater, and airport funds. Conversely, internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for the internal service funds is provided in the form of combining statements elsewhere in this report.

The basic Proprietary Fund financial statements can be found on pages 26 - 33 of this report.

TOWN OF WICKENBURG, ARIZONA
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED JUNE 30, 2022

Fiduciary Fund – Fiduciary Funds are used to account for resources held for the benefit of parties outside the government. Fiduciary Funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support the Town's own programs. The accounting used for Fiduciary Funds is much like that used for Proprietary Funds.

The basic Fiduciary Fund financial statements can be found on page 34 of this report.

Notes to Basic Financial Statements

The notes to basic financial statements (pages 35 -66) provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements and should be read with the financial statements.

Required Supplementary Information Other Than MD&A

Governments have an option of including the budgetary comparison statements for the General Fund and major Special Revenue Funds as either part of the fund financial statements within the basic financial statements or as required supplementary information after the footnotes. The Town has chosen to present these budgetary statements as part of the basic financial statements. Additionally, governments are required to disclose certain information about employee pension and other postemployment benefit plans. The Town has disclosed this information on pages 67 - 77.

TOWN OF WICKENBURG, ARIZONA
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED JUNE 30, 2022

Net position consists of three components. The largest portion of the Town of Wickenburg, Arizona's net position (71.2%) reflects its investment in capital assets (e.g., land, buildings, infrastructure, furniture, equipment, etc.) less any related debt used to acquire those assets that is still outstanding. The Town of Wickenburg, Arizona uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the Town's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. The Town's net investment in capital assets increased \$1.7 million. The increase was largely due to increase in construction in progress for the Wickenburg Ranch Fire Station and other capital asset additions (\$6.5 million), construction loan for the Fire Station (\$2.3 million), the reduction of long-term debt (\$0.4 million), offset by current year depreciation expense (\$4.0 million).

An additional portion of the Town's net position (3.0%) represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net position (\$32.7 million) may be used to meet the government's ongoing obligations to citizens and creditors. Restricted net position decreased in the current year due to the use of restricted fund balances set-aside for capital projects. The increase in unrestricted net position is largely due to normal Town operations and is discussed on the following pages in the discussion on changes in net position. At the end of the current fiscal year, the Town is able to report positive balances in all three categories of net position for the government as a whole.

The Town's net position increased by \$10.3 million during the current fiscal year. Key elements of this increase are presented in the following condensed statement of changes in net position:

**TOWN OF WICKENBURG, ARIZONA
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED JUNE 30, 2022**

Governmental Activities – The governmental activities' net position had a net increase in the current year of \$8.9 million. The most significant activities accounting for this increase were: increased revenues of \$3.5 million and expenses decreased \$0.2 million over the prior year.

Charges for services decreased by \$0.5 million due to a decrease in charges related to public safety. Capital grants and contributions increased \$2.6 million largely for the funding received from Wickenburg Rural Fire District for the construction of Wickenburg Ranch Fire Station.

Local sales tax and State Shared Revenues increased a combined amount of \$1.4 million in the current year attributable to continued improvement in the economy, as well as changes in the local tax rates and property assessments.

Overall, expenses decreased \$0.2 million, which is comparable to prior year.

Business-Type Activities – The Water System-1 Fund reported an operating income of \$0.4 million, which was comparable from the prior year.

The Water System-2 Fund reported an operating loss of \$0.4 million. The net operating loss is largely due to depreciation expense.

The Electric Fund reported an operating income of \$0.4 million. The net operating income is the result of electricity charges far exceeding the costs to operate the utilities. The excess operating revenues have been dedicated to subsidizing capital projects of the Town.

The Sanitation Fund had operating income of \$63,758, which was comparable from the prior year.

The Wastewater System-1 Fund reported operating income of \$0.4 million in the current year, which was comparable to prior year's net income.

The Wastewater System-2 Fund reported an operating income of \$1.2 million, which was comparable from the prior year.

The Airport Fund realized an operating loss of \$0.7 million, largely attributed to depreciation expense. The fund also reported a capital contribution of \$0.2 million for improvements to the airport runway apron.

FINANCIAL ANALYSIS OF THE TOWN'S FUNDS

The focus of the Town's governmental funds is to provide information on near-term inflows, outflows, and balances of resources that are available for spending. Such information is useful in assessing the Town's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year. Types of governmental funds reported by the Town include the General Fund, Special Revenue Fund, Debt Service and Capital Projects Funds.

**TOWN OF WICKENBURG, ARIZONA
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED JUNE 30, 2022**

As of the end of the current fiscal year, the Town's governmental funds reported combined ending fund balances of \$26.4 million, an increase of \$7.7 million. Approximately 89.5% of this total amount (\$23.6 million) constitutes General Fund balance, which is available for contribution to the restricted, committed, assigned, and unassigned fund balance. The table below presents fund balances at June 30, 2022.

**Table A-3
Fund Balances**

Fund	Balance	Increase (Decrease) From 2020-21
General Fund	\$ 23,644,276	\$ 7,557,585
Capital Improvements Fund	883,490	(148,344)
Nonmajor Governmental Funds	1,904,696	317,985

The General Fund is the chief operating fund of the Town of Wickenburg, Arizona. At the end of the current fiscal year, the fund balance of the General Fund was \$23.6 million, while total fund balance of the Town reached \$26.4 million. As a measure of the General Fund's liquidity, it may be useful to compare both General Fund balance and total fund balance to total fund expenditures. General fund balance represents 213.2% of total General Fund expenditures.

The fund balance of the Town's General Fund increased by \$7.6 million as a result of operations. Revenues increased \$3.0 million and expenditures decreased \$3.3 million. Tax revenues had significant increases due to continued activity and growth related to the new housing development. The development continues without increased Town resources. In addition, the Town received \$2.2 million in capital contribution for the construction of Wickenburg Ranch Fire Station. The decrease in expenditures was due to the spent down of the Coronavirus Aid, Relief, and Economic Security Act funding in the prior year.

Capital Improvements Fund was reported as a major fund in the current year. The fund reported \$2.6 million in capital outlay for the police station building improvement project.

The change in Nonmajor Governmental Funds was comparable to prior year.

The enterprise funds are reported on the same basis as the business-type activities and the significant changes from the prior year are discussed in the business-type activities on the previous page.

BUDGETARY HIGHLIGHTS

Budgeted General Fund revenues of \$16.9 million were less than actual revenues of \$18.6 million, while budgeted expenditures of \$26.6 million exceeded the budgetary basis (actual) expenditures by \$15.6 million. Actual expenditures were less than budget, largely due to the budgeted contingencies/reserves reported in the general services department.

The most significant variance from budget was sales tax revenues exceeding the budget due to increased activity as a result of Wickenburg Ranch and an improving economy. The General Services expenditures fell below budget due to an unspent contingency.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

The Town's capital assets for its governmental activities and business-type activities as of June 30, 2022 amounted to \$39.1 million and \$59.9 million, respectively (net of accumulated depreciation), a total net increase of \$1.5 million. Additions to capital assets during the fiscal year totaled \$4.6 million for governmental activities assets and \$1.0 million for business-type activities assets. Depreciation expense for governmental assets and business-type activities were \$1.3 million and \$2.8 million, respectively.

For government-wide financial statement presentation, all depreciable capital assets were depreciated from acquisition date to the end of the current fiscal year. Governmental fund financial statements record capital asset purchases as expenditures. See Note 3.A.3. in the notes to the basic financial statements for further information regarding capital assets.

Major capital asset additions during the current fiscal year included the following:

Governmental Activities

- ◆ Police Building Improvement (\$1.8 million)
- ◆ Public Safety Communication (\$0.8 million)
- ◆ New Fire Station (\$2.5 million)
- ◆ Land Acquisition (\$0.3 million)

Business-Type Activities

- ◆ Wastewater UV Disinfection & Effluent Pump project (\$0.1 million)
- ◆ Airport Construction Program (\$0.2 million)
- ◆ Vehicles (\$0.3 million)
- ◆ Electrical upgrades (\$0.1 million)
- ◆ Wastewater Realignment (\$0.3 million)

The following table provides a breakdown of the capital assets of the Town at June 30, 2022 and 2021.

ECONOMIC FACTORS

- ◆ An improved economy as shown through increased local tax revenue.
- ◆ A vibrant community with new residential development activities.
- ◆ A continued effort to improve public safety.
- ◆ A three-year capital improvement plan which focuses on community objectives as well as the replacement, improvement, and expansion of various equipment and infrastructure.
- ◆ Continued growth of the Wickenburg Ranch development.

Each of these factors were considered in preparing the future years' budgets.

TOWN OF WICKENBURG, ARIZONA
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND
CHANGE IN FUND BALANCES OF THE GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
YEAR ENDED JUNE 30, 2022

Net Change in Fund Balances - Total Governmental Funds \$ 7,727,226

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.

Expenditures for Capital Assets (Less Internal Service Funds)	\$ 4,547,431	
Less Current Year Depreciation (Less Internal Service Funds)	<u>(1,272,309)</u>	3,275,122

Loss on Disposal of Capital Assets (45,420)

The issuance of long term debt (e.g. bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt increases long-term liabilities on the statement of net position and the repayment of principal on long-term debt reduces long-term debt on the statement of net position.

Principal Payments on Notes Payable	162,285	
Issuance of Long-Term Debt	<u>(2,350,000)</u>	75,387

Governmental funds report Town pension contributions as expenditures when made. However, in the Statement of Activities, pension expense is the cost of benefits earned, adjusted for member contributions, the recognition of changes in deferred outflows and inflows or resources related to pensions, and the investment experience.

Pension Contributions (Less Internal Service Funds)	652,538	
Pension Expense (Less Internal Service Funds)	<u>(577,151)</u>	75,387

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds.

Net Change in Compensated Absences (Less Internal Service Funds)	12,329	
--	--------	--

Internal service funds are used by management to charge the costs of certain activities to individual funds. The net revenues of the internal service funds are reported with governmental activities and business-type activities.

Net Revenues (Losses) of the Internal Service Fund	(17,416)	
Amount attributable to the Business-Type Activities	<u>19,339</u>	1,923

Change in Net Position of Governmental Activities	<u>\$ 8,858,852</u>

NOTES TO BASIC FINANCIAL STATEMENTS

TOWN OF WICKENBURG, ARIZONA
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2022

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accompanying financial statements of the Town of Wickenburg, Arizona (Town) have been prepared in conformity with accounting principles generally accepted in the United States of America applicable to governmental units adopted by the Governmental Accounting Standards Board (GASB).

A. Reporting Entity

The Town is a municipal government that is governed by a separately elected governing body. It is legally separate from and fiscally independent of other state and local governments. In evaluating how to define the Town, for financial reporting purposes, management has identified no potential component units. The decision to include a potential component unit in the reporting entity would have been made by applying criteria set forth in accounting principles generally accepted in the United States of America. Generally, component units are legally separate organizations for which the elected officials of the primary government (i.e., the Town) are financially accountable. The primary government is financially accountable for a potential component unit if it: appoints a voting majority of the potential component unit's governing body; and, either is able to impose its will on the potential component unit or there is a possibility of the potential component unit to provide specific financial benefits to, or impose specific financial burdens on the primary government. In addition, a primary government may be financially accountable for a potential component unit even though the potential component unit may have a separately elected governing board, a board appointed by another government, or a jointly appointed board if the potential component unit is fiscally dependent on the primary government (e.g., the primary government must approve the potential component unit's budget, tax rates, etc.). Because no potential component units were identified in defining the Town's reporting entity, none have been included in the Town's reporting entity. Consequently, the Town's financial statements present only the funds of those organizational entities for which its elected governing board is financially accountable.

B. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government. The effect of interfund activity has been removed from these statements, except for interfund services provided and used are not eliminated in the process of consolidation. *Governmental activities*, which are normally supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support.

TOWN OF WICKENBURG, ARIZONA
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2022

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Government-Wide and Fund Financial Statements (Continued)

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds even though the latter are excluded from the government-wide financial statements. Major individual governmental and enterprise funds are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements and the proprietary and fiduciary fund financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Town considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting, except expenditures related to compensated absences and claims and judgments, which are recorded only when payment is due.

Property taxes, intergovernmental grants and aid, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the government.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)

The Town reports the following major governmental funds:

The *General Fund* is the Town's primary operating fund. It accounts for all financial resources of the Town, except those required to be accounted for in another fund.

The *Capital Improvements Fund* – A capital projects fund is used to account for the acquisition and construction of major capital facilities other than those financed by proprietary funds.

The Town reports the following major proprietary funds:

The *Water System-1 Fund* accounts for the activities necessary to provide water services to the citizens of the Town.

The *Water System-2 Fund* accounts for the activities necessary to provide water services to the citizens of the town living in Wickenburg Ranch.

The *Electric Fund* accounts for the activities necessary to provide electricity to the citizens of the Town.

The *Sanitation Fund* accounts for the activities necessary to provide trash collections to the citizens of the Town.

The *Wastewater System-1 Fund* accounts for the activities necessary to provide wastewater services to the citizens of the Town.

The *Wastewater System-2 Fund* accounts for the activities necessary to provide wastewater services to the citizens of the town living in Wickenburg Ranch.

The *Airport Fund* accounts for the transactions related to operating the municipal airport.

Additionally, the government reports the following fund types:

The *Internal Service Funds* account for the direct and overhead costs of vehicle maintenance on Town vehicles and the operation of the Town's Fuel Facility. The funds are operated on a cost reimbursement basis.

The *Custodial Fund* is used to report fiduciary activities that are not required to be reported in pension or OPEB trust funds, investment trust funds, or private purpose trust funds. The Fund accounts for funds held by the Town on-behalf of Southwest Gas which controls the use of the funds for various capital expenses incurred by Southwest Gas to provide services to the Town. Any related capital is not the property of the Town.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the internal service fund are charges to other funds for direct and overhead costs of vehicle maintenance on Town vehicles and operations of the fuel facility. Operating expenses for the internal service fund include the cost of fuel and maintenance of Town vehicles. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, for governmental activities it is the Town's policy to use restricted resources first, then unrestricted resources as they are needed. For business-type activities, the use of restricted resources is governed by the applicable loan covenants.

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Net Position or Equity

1. Deposits and Investments

The Town's cash and cash equivalents are considered to be cash on hand, demand deposits, cash and investments held by the State Treasurer, and highly liquid investments with maturities of three months or less from the date of acquisition.

Cash and investments are pooled except for funds required to be held by fiscal agents or restricted under provisions of bond indentures. Interest earned from investments purchased with such pooled monies are allocated to each of the funds based on the average daily cash balances. State statutes authorize the Town to invest in obligations of the U.S. Treasury and U.S. agencies, certificates of deposit in eligible depositories, repurchase agreements, obligations of the State of Arizona or any of its counties or incorporated cities, towns or duly organized school districts, improvement districts in this state and the State Treasurer's Local Government Investment Pool. Investments are stated at fair value.

2. Accounts and Property Tax Receivables

All trade and property taxes receivables are shown net of an allowance for uncollectibles.

Maricopa County and Yavapai County levies real and personal property taxes on or before the third Monday in August that become due and payable in two equal installments. The first installment is due on the first day of October and becomes delinquent after the first business day of November. The second installment is due on the first day of March of the next year and becomes delinquent after the first business day of May. However, a lien against real and personal property attaches on the first day of January preceding assessment and levy thereof.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Net Position or Equity (Continued)

3. Intergovernmental Receivables

Intergovernmental receivables include amounts due from other government agencies and include Town sales tax (\$993,495), Highway User Revenue fuel tax (\$57,820), State sales tax (\$40,131), auto lieu (\$16,065), and fire district billings (\$477,607) in the governmental funds and governmental activities column of the government-wide financial statements.

4. Inventories and Prepays

Inventories are recorded as expenditures at the time of purchase in the governmental funds, and are recorded as an asset and expensed when consumed in the government-wide and proprietary fund financial statements.

In the governmental funds, enterprise funds, and government-wide financial statements, prepays are recorded as an asset and expensed in the period goods or services are received.

5. Capital Assets

Capital assets, which include property, plant, and equipment, are reported in the applicable governmental and business-type activities column in the government-wide financial statements and in the proprietary funds financial statements. Capital assets are defined by the Town as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Infrastructure assets acquired prior to 1980 are not reported in the governmental activities column in the government-wide financial statements.

Property, plant, and equipment purchased or acquired is carried at historical cost or estimated historical cost. Contributed assets are recorded at acquisition value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred.

Depreciation on all assets is provided on a straight-line basis over the following estimated useful lives:

Land Improvements	10 to 40 Years
Buildings and Improvements	10 to 40 Years
Utility Components	5 to 40 Years
Infrastructure	5 to 40 Years
Furniture and Equipment	3 to 10 Years
Vehicles	4 to 20 Years

JUNE 30, 2022

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Net Position or Equity (Continued)

6. Deferred Outflows of Resources

The deferred outflows of resources represent the consumption of net position that is applicable to a future reporting period. Reported amounts are related to the requirements of accounting and financial reporting for pensions.

7. Compensated Absences

The liability for compensated absences reported in the government-wide and proprietary fund financial statements consists of unpaid, accumulated leave balances. The liability has been calculated using the vesting method, in which leave amounts for both employees who currently are eligible to receive termination payments and other employees who are expected to become eligible in the future to receive such payments upon termination are included.

8. Long-Term Obligations

In the government-wide financial statements, and proprietary fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities or proprietary fund statements of net position.

9. Pension Plans

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Arizona State Retirement System (ASRS) and Public Safety Personnel Retirement System (PSPRS) and additions to/deductions from ASRS/PSPRS's fiduciary net position have been determined on the same basis as they are reported by ASRS/PSPRS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

10. Deferred Inflows of Resources

Deferred inflows of resources represent the acquisition of net position that is applicable to a future reporting period. Reported amounts are related to the requirements of accounting and financial reporting for pensions and leases.

TOWN OF WICKENBURG, ARIZONA
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2022

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Net Position or Equity (Continued)

11. Net Position

In the government-wide financial statements, net position is reported in three categories: net investment in capital assets; restricted net position; and unrestricted net position. Net investment in capital assets is separately reported because capital assets make up a significant portion of total net position. Restricted net position accounts for the portion of net position restricted by parties outside the Town. Unrestricted net position is the remaining net position not included in the previous two categories.

None of the restricted net position is restricted by enabling legislation.

12. Fund Balances

Fund balances of the governmental funds are reported separately within classifications based on a hierarchy of the constraints placed on the use of those resources. The classifications are based on the relative strength of the constraints that control how the specific amounts can be spent. The classifications are nonspendable, restricted, committed, assigned, and unassigned fund balance.

The nonspendable fund balance classification includes amounts that cannot be spent because they are either not in spendable form such as inventories, or are legally or contractually required to be maintained intact.

Restricted fund balances are those that have externally imposed restrictions on their usage by creditors (such as through debt covenants), grantors, contributors, or laws and regulations. The committed fund balances are self-imposed limitations approved by the Town's Council, which is the highest level of decision-making authority within the Town. Only the Town Council can remove or change the constraints placed on committed fund balances. The Town Council must commit fund balances before the end of the fiscal year through formal council action. Assigned fund balances are resources constrained by the Town's intent to be used for specific purposes, but are neither restricted nor committed. The Town Council has authorized, through the adoption of a fund balance policy, the Town Manager to make assignments of resources for a specific purpose. The unassigned fund balance is the residual classification for the General Fund and includes all spendable amounts not reported in the other classifications. Also, deficits in fund balances of the other governmental funds are reported as unassigned.

When an expenditure is incurred, it is the Town's policy to use restricted fund balance first, then committed, assigned, and unassigned fund balances as resources are available.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Net Position or Equity (Continued)

13. Leases

The Town determines if an arrangement is a lease at inception. Leases are included in lease receivables and deferred inflows of resources in the statements of net position and fund financial statements.

Lease receivables represent the Town's claim to receive lease payments over the lease term, as specified in the contract, in an exchange or exchange-like transaction. Lease receivables are recognized at commencement date based on the present value of expected lease payments over the lease term, reduced by any provision for estimated uncollectible amounts. Interest revenue is recognized ratably over the contract term.

Deferred inflows of resources related to leases are recognized at the commencement date based on the initial measurement of the lease receivable, plus any payments received from the lessee at or before the commencement of the lease term that relate to future periods, less any lease incentives paid to, or on behalf of, the lessee at or before the commencement of the lease term. The deferred inflows related to leases are recognized as lease revenue in a systematic and rational manner over the lease term.

E. Adoption of New Accounting Standards

In June 2017, the Governmental Accounting Standards Board (GASB) issued GASB Statement No. 87, *Leases*. This standard requires the recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and as inflows of resources or outflows of resources recognized based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this standard, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources.

NOTE 2 STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

A. Budgetary Information

The Town Council follows these procedures in establishing the budgetary data reflected in the financial statements:

1. In accordance with Arizona Revised Statutes, the Town Manager submits a proposed budget for the fiscal year commencing the following July 1 to the Town Council. The operating budget includes proposed expenditures and the means of financing them for the upcoming year.
2. Public hearings are conducted to obtain taxpayor comment.
3. Prior to the third Monday in August, the expenditure limitation for the Town is legally enacted through passage of an ordinance. To ensure compliance with the expenditure limitation, a uniform expenditure report must be filed with the State each year. This report, issued under a separate cover, reconciles total Town expenditures from the audited basic financial statements to total expenditures for reporting in accordance with the State's uniform expenditure reporting system (A.R.S. §41-1279.07).
4. Expenditures may not legally exceed the expenditure budget by department for the General Fund or the total fund budget for other funds without council approval. The Town legally adopts a budget by department for the General Fund and in total by fund for other funds. Transfers between departments within the General Fund may be authorized by the Department Director, transfers of any unencumbered appropriation balance between Funds must be approved by the Town Council. The adopted budget cannot be amended in any way without Town Council approval.
5. Formal budgetary integration is employed as a management control device during the year for the General, Special Revenue, and Capital Projects Funds on essentially the same modified accrual basis of accounting used to record actual revenues and expenditures.

The Town is subject to the State of Arizona's Spending Limitation Law for Towns and Cities. This law does not permit the Town to spend more than budgeted revenues plus the unrestricted cash balance from the prior fiscal year. The limitation is applied to the total of the combined funds. The Town complied with this law during the year.

No supplementary budgetary appropriations were necessary during the year.

Deposits

The Town's deposits at June 30, 2022 had a carrying value of \$6,462,548 and a bank balance of \$4,947,268. Of the bank balance, \$250,000 was covered by federal depository insurance and \$4,791,214 was covered by collateral held by the Town's custodial bank in the Town's name at 102% of the uninsured bank balance. Therefore, the Town's deposits were not exposed to any custodial credit risk. The remaining \$2,332,494 was held in the Town's name and secured by the pledging financial institution.

Investments

The Town holds its investments in the Arizona State Treasurer's Local Government Investment Pool (LGIP). Investments in the State Treasurer's investment pools are valued at the pool's share price multiplied by the number of shares the Town held. The fair value of a participant's position in the pool approximates the value of the participant's pool shares. The State Board of Deposit provides oversight for the State Treasurer's pools, and the Local Government Investment Pool Advisory Committee provides consultation and advice to the Treasurer.

Investments in the State Treasurer's investment pools are reported at fair value. Fair value is the amount reasonably expected to be received for an investment in a current sale between a willing buyer and a willing seller. Investments are valued based on published market prices and securities pricing services.

Interest Rate Risk – In accordance with its investment policy, the Town manages its exposure to declines in fair value by limiting the average maturity of its investments to six months or less. All of the Town's investments held in LGIP have maturities of one year or less.

C. Long-Term Obligations

The Town has notes payable issued to provide funds for the acquisition and construction of major capital facilities.

The Town has a note payable to the Water Infrastructure Authority (WIFA). The note payable reported in the business-type activities was issued to provide funding for improvements to the wastewater treatment facility. The note provided for funds to be drawn as utilized, with all funds available under the original January 2003 issue being fully drawn as of March 15, 2007. The note payable is a general obligation of the Town, secured by ad valorem taxes annually levied on all taxable property within the boundaries of the Town. While the note is secured by the ad valorem taxes, the Town is not obligated to make repayment from tax revenues. Principal and interest paid on the note in the current year were paid from operating revenues within the wastewater fund.

The WIFA note payable reported in the governmental activities was issued to provide funding for improvements to the Town's washes and other storm water management assets. The note provides for funds to be drawn as utilized, with the note being fully drawn as of June 30, 2018 and paid off as of June 30, 2022. The note was secured by and is to be repaid from sales taxes.

Construction Loan from Direct Borrowing - On March 22, 2022, the Town entered into a loan agreement with Zion Bank in the amount of \$2,350,000 for the acquisition and/or construction of Wickenburg Ranch Fire Station. The loan carries a 2.20% interest rate and will mature on March 22, 2027. The loan is secured by general revenues (sales tax, licenses and fees and other miscellaneous revenues of the General Fund). In the event of default, the creditor have the right to: a. take possession of the financed property; b. hold the Town liable for the difference between the rent to the end of the original term or renewal term and the rent pay by the Town pursuant to a new agreement, c. take action at law to enforce its rights under the agreement or d. terminate the escrow agreement and apply the proceeds in the escrow account.

Compensated absences are paid by the applicable fund where each employee is regularly paid, primarily the General Fund for the governmental activities.

The Town has the following notes outstanding at June 30, 2022:

D. Commitments

Effective July 1, 2018, the Town of Wickenburg assumed the operations and assets of the Wickenburg Ranch water and wastewater utilities (water system 2 and wastewater system 2) from the Wickenburg Ranch Water LLC and Wickenburg Ranch Wastewater LLC, respectively through a transfer agreement that was signed June 28, 2019 (“transfer agreement”).

The Wickenburg Ranch Water utilities were recorded as a capital contribution to the Town. The Town does not have any commitments to the Wickenburg Ranch Water LLC as a result of the transfer agreement; however, the transfer agreement acknowledges that initial operating revenues of the Wickenburg Ranch Water operations will not be sufficient to pay for the related operating expenses. Therefore, the transfer agreement requires a subsidy to be paid to the Town of Wickenburg by Wickenburg Ranch Water LLC in an amount equal to the net operating income (excluding depreciation) of the Wickenburg Ranch Water operations, plus the net cumulative capital reserve deficit (as defined in the transfer agreement), plus the contingency fund deficit. The subsidy will continue until annual operating revenues meet annual operating expenses and generate funds for the capital reserve at a level of twenty-four percent of the annual operating revenues for a period of five consecutive years. Total subsidies received by the Town for the Wickenburg Ranch Water operations for the fiscal year ended June 30, 2022 was \$170,449, which are included in other nonoperating revenue.

The Wickenburg Ranch Wastewater utility assets were acquired from the Wickenburg Ranch Wastewater LLC through a long-term commitment in the amount of \$12,007,348. The commitment is executed directly by and between the Town of Wickenburg, Arizona and Wickenburg Ranch Wastewater LLC. Except for the provisions set forth in the asset transfer agreement between the Town of Wickenburg and the Wickenburg Ranch Wastewater LLC for an automatic extension of the terms of the commitment, the agreement will terminate on the 30th anniversary of the first day of the term of the agreement. In connection with the Town’s agreement to assume the assets and operations of the Wickenburg Ranch Wastewater utilities, the commitment repayment will be subordinate to funding the Wickenburg Ranch Wastewater operations, including reserves and contingencies. As set forth in the transfer agreement, the commitment will be repaid from connection fees and the operating income of the wastewater utilities in excess of capital and operating reserves set forth within the agreement. The Town does not anticipate the use of non-Wickenburg Ranch related resources to fund the commitment.

In the event of default, as defined in the asset transfer agreement, a notice of hearing will be provided and the dispute will be heard by a mediator who will provide a default resolution. The Town made a payment of \$1,373,538 towards the commitment during the fiscal year. The commitment balance at June 30, 2022 was \$7,177,705.

Construction commitment – On May 17, 2021, the Town entered into an agreement with Willmeng Construction for construction of Wickenburg North Fire Station. The commitment, including amendments total \$5,234,920. The project has incurred \$1,271,189 in construction in progress as of June 30, 2022.

A. Risk Management (Continued)

The Arizona Municipal Risk Retention Pool is structured such that member premiums are based on an actuarial review that will provide adequate reserves to allow the pool to meet its expected financial obligations. The pool has the authority to assess its member's additional premiums should reserves and annual premiums be insufficient to meet the pool's obligations.

The Town is also insured by Arizona Municipal Workers Compensation Fund for potential worker related accidents.

B. Contingent Liabilities

The Town is a defendant in various lawsuits. In the opinion of the Town's attorney no determination of liability can be made or any loss will be covered by insurance.

C. Retirement Plans

Cost-Sharing and Agent Multiple Employer Pension Plans

The Town contributes to the Arizona State Retirement System (ASRS), the Public Safety Personnel Retirement System (PSPRS) for police officers and firefighters, and the Corrections Officer Retirement Plan (CORP) for dispatchers. The plans are component units of the State of Arizona.

At June 30, 2022, the Town reported the following aggregate amounts related to pensions for all plans to which it contributes:

	ASRS	PSPRS & CORP	Total
Net Pension Assets	\$ -	\$ 1,314,943	\$ 1,314,943
Net Pension Liabilities	3,721,123	-	3,721,123

Deferred Inflows of Resources	1,186,403	1,444,010	2,630,413
Pension Expense	520,058	148,369	668,427

The Town reported accrued payroll and employee benefits of \$-0- for outstanding pension contribution amounts payable to all pension plans for the year ended June 30, 2022. Also, the Town reported \$577,151 of pension expenditures in the governmental funds related to all pension plans to which it contributes.

Arizona State Retirement System

Plan Descriptions – Town employees not covered by the other pension plans participate in the Arizona State Retirement System (ASRS). The ASRS administers a cost-sharing multiple-employer defined benefit pension plan, a cost-sharing multiple-employer defined benefit health insurance premium benefit (OPEB) plan, and a cost-sharing multiple-employer defined benefit long-term disability (OPEB) plan. The Arizona State Retirement System Board governs the ASRS according to the provisions of A.R.S. Title 38, Chapter 5, Articles 2 and 2.1. The ASRS issues a publicly available financial report that includes its financial statements and required supplementary information. The report is available on its website at www.azasrs.gov.

The OPEB plan is not included in the Town's financial statements as the liability and related deferred inflows of resources, deferred outflows of resources, and OPEB expense are not material.

Benefits Provided – The ASRS provides retirement, health insurance premium supplement, long-term disability, and survivor benefits. State statute establishes benefit terms. Retirement benefits are calculated on the basis of age, average monthly compensation, and service credit as follows:

	Retirement	
	Initial Membership Date	
	Before July 1, 2011	On or After July 1, 2011
Years of service and age required to receive benefit	Sum of years and age equals 80 10 years, age 62 5 year, age 50* any years, age 65	30 years, age 55 25 years, age 60 10 years, age 62 5 years, age 50* any years, age 65
Final average salary is based on	Highest 36 consecutive months of last 120 months	Highest 60 consecutive months of last 120 months
Benefit percentage per year of service	2.1% to 2.3%	2.1% to 2.3%

* With actuarially reduced benefits

Retirement benefits for members who joined the ASRS prior to September 13, 2013, are subject to automatic cost-of-living adjustments based on excess investment earnings. Members with a membership date on or after September 13, 2013, are not eligible for cost-of-living adjustments. Survivor benefits are payable upon a member's death. For retired members, the retirement benefit option chosen determines the survivor benefit. For all other members, the beneficiary is entitled to the member's account balance that includes the member's contributions and employer's contributions, plus interest earned.

Contributions – In accordance with state statutes, annual actuarial valuations determine active member and employer contribution requirements. The combined active member and employer contribution rates are expected to finance the costs of benefits employees earn during the year, with an additional amount to finance any unfunded accrued liability. For the year ended June 30, 2022, active ASRS members were required by statute to contribute at the actuarially determined rate of 12.22% of the members' annual covered payroll, and the Town was required by statute to contribute at the actuarially determined rate of 12.01% of the active members' annual covered payroll.

In addition, the Town was required by statute to contribute at the actuarially determined rate of 10.14% of annual covered payroll of retired members who worked for the Town in positions that would typically be filled by an employee who contributes to the ASRS. The Town's contributions to the pension plan for the year ended June 30, 2022, were \$409,705.

During the fiscal year ended June 30, 2022, the Town paid for ASRS pension contributions as follows: 67% from the General Fund, 25% from major enterprise funds, and 8% from other funds.

Pension Liability – At June 30, 2022 the Town reported a liability of \$3,721,123 for its proportionate share of the ASRS' net pension liability. The net pension liability was measured as of June 30, 2021. The total pension liability used to calculate the net pension liability was determined using update procedures to roll forward the total pension liability from an actuarial valuation as of June 30, 2020 to the measurement date of June 30, 2021.

The Town's proportion of the net pension liability was based on the Town's actual contributions to the plan relative to the total of all participating employers' contributions for the year ended June 30, 2021. The Town's proportion measured as of June 30, 2021, was 0.02832%, which was a decrease of 0.00007 from its proportion measured as of June 30, 2020.

Pension Expense and Deferred Outflows/Inflows of Resources – For the year ended June 30, 2022, the Town recognized pension expense for ASRS of \$520,058. At June 30, 2022, the Town reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
	\$	\$
Differences between Expected and Actual Experience	56,725	-
Net Difference between Projected and Actual Earnings on Pension Plan Investments	484,334	1,178,982

Town Contributions Subsequent to the Measurement Date	409,705	
Total	<u>\$ 1,105,044</u>	<u>\$ 1,186,403</u>

The \$409,705 reported as deferred outflows of resources related to ASRS pensions resulting from Town contributions subsequent to the measurement date but before the Town's reporting period of June 30, 2022 will be recognized as a reduction of the net pension liability in the year ending June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to ASRS pensions will be recognized in pension expense as follows:

<u>Year Ended June 30,</u>	<u>Amount</u>
	\$
2023	165,279
2024	9,848
2025	(259,905)
2026	(406,286)

Actuarial Assumptions – The significant actuarial assumptions used to measure the total pension liability are as follows:

Actuarial Valuation Date	June 30, 2020
Actuarial Roll Forward Date	June 30, 2021
Actuarial Cost Method	Entry Age Normal
Discount Rate	7.0%
Projected Salary Increases	2.9 - 8.4%
Inflation	2.3%

The long-term expected rate of return on ASRS pension plan investments was determined to be 7.0% using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Real Return Geometric Basis
Equity	50 %	4.90 %
Fixed Income - Credit	20	5.20
Real Estate	20	5.70
Fixed Income - Interest Rate		
Sensitive Bonds	10	0.70
Total	<u>100 %</u>	

Discount Rate – The discount rate used to measure the ASRS total pension liability was 7.0%. The rate has been lowered in the rollforward from 7.5% which was used for the actuarial assumptions at the valuation date. The projection of cash flows used to determine the discount rate assumed that contributions from participating employers will be made based on the actuarially determined rates based on the ASRS Board's funding policy, which establishes the contractually required rate under Arizona statute. Based on those assumptions, the plans' fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Town's Proportionate Share of the ASRS Net Pension Liability to Changes in the Discount Rate – The following table presents the Town's proportionate share of the net pension liability calculated using the discount rate of 7.0%, as well as what the Town's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (6.0%) or 1 percentage point higher (8.0%) than the current rate.

	Current Discount

Public Safety Personnel Retirement System (PSPRS) and Corrections Officer Retirement Plan (CORP)

Plan Descriptions—Town police employees and Town firefighters who are regularly assigned hazardous duty participate in the Public Safety Personnel Retirement System (PSPRS) or employees who became members on or after July 1, 2017, may participate in the Public Safety Personnel Defined Contribution Retirement Plan (PSPDCRP). The PSPRS administers agent and cost-sharing multiple-employer defined benefit pension plans. A nine-member board known as the Board of Trustees and the participating local boards govern the PSPRS according to the provisions of A.R.S. Title 38, Chapter 5, Article 4. Employees who were PSPRS members before July 1, 2017, participate in the agent plans, and those who became PSPRS members on or after July 1, 2017, participate in the cost-sharing plans (PSPRS Tier 3 Risk Pool) which are not further disclosed because of their relative insignificance to the Town's financial statements.

Town dispatchers participate in the Corrections Officer Retirement Plan (CORP) or the Public Safety Personnel Defined Contribution Retirement Plan (PSPDCRP). The CORP administers an agent multiple-employer defined benefit pension plan for Town dispatchers (agent plan) which were closed to new members as of July 1, 2018. Employees who were CORP members before July 1, 2018, participate in CORP. Town dispatchers who became members on or after July 1, 2018, participate in PSPDCRP. The PSPRS Board of Trustees and the participating local boards govern CORP according to the provisions of A.R.S. Title 38, Chapter 5, Article 6.

The Town has member participating in the Public Safety Personnel Defined Contribution Retirement Plan and were insignificant to the financial statements.

The PSPRS and CORP issue publicly available financial reports that include their financial statements and required supplementary information. The reports are available on the PSPRS Web site at www.psprs.com.

The total pension liabilities were measured as of June 30, 2021, and the total pension liability used to calculate the net pension asset was determined by an actuarial valuation as of that date.

Actuarial Assumptions – The significant actuarial assumptions used to measure the total pension liability for PSPRS and CORP are as follows:

Actuarial Valuation Date	June 30, 2021
Actuarial Cost Method	Entry Age Normal
Investment Rate of Return	7.30 %
Wage Inflation	3.50%
Price Inflation	2.50 %
Cost of Living Adjustment	1.75%

Actuarial assumptions used in the June 30, 2021, valuation were based on the results of an actuarial experience study for the five-year period ended June 30, 2017.

The long-term expected rate of return on PSPRS and CORP plan investments was determined to be 7.30% using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of plan investment expenses and inflation) are developed for each major asset class. Discount rate—At June 30, 2021, the discount rate used to measure the PSPRS and CORP total pension liabilities was 7.30%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between the actuarially determined contribution rate and the member rate. Based on those assumptions, the plans' fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all periods of projected benefit payments to determine the total pension liabilities.

(1) Proportion applicable to the Town of Wickenburg, Arizona, is computed on the ratio of secondary assessed valuation for 2021-2022.

Note: The above schedule only includes direct debt of the Town and overlapping governments that are paid with or secured by property tax revenues (general obligation bonded debt). General obligation bonded debt is paid from property tax allocations calculated from the secondary assessed valuation and therefore has an impact on overlapping governments.

The Town's WIFA Note Payable in the Business-Type Activities is secured by property tax revenues, the total outstanding note balance is excluded in the above calculation for direct and overlapping debt. The amount of Business-Type Activity debt is \$205,861 of WIFA Note Payable and commitments of \$7,177,705
